Adult Briefs

Attends®

Attends® Bariatric Briefs™

Bariatric briefs provide superior leakage protection, skin wellness, dryness and odor control, and are specifically made with the user's custom fit in mind. Move-with-you stretchable design for better fit (up to 90 inches). Air-comfort breathable side panels to allow air to flow thru to skin for drier and healthier skin. Soft, cloth-like inner liner is gentle against the skin. Poly outer covering prevents leakage and provides ease of positioning. Acquisition layer and super absorbent polymer channel locks fluids in the core and help prevent odor. Extra-wide, easy-fit tape tabs for stay-in-place security. Packaged in discreet outer carton.

SCA Personal Care

TENA® Bariatric (XL) Brief

For moderate to heavy bladder and/or bowel control protection. Features InstaDri Skin-Caring System™ to improve surface dryness and promote healthy skin while reducing leakage. The transfer layer permits fluid to almost instantly enter the dual core, helping to promote skin dryness. The Dry-Fast Dual Core™ technology rapidly wicks fluid away from skin trapping it into the lower core for greater security and increased skin dryness. Strategic placement of Super Absorbent Polymer improves fluid absorption. Superfit™ hook fasteners promote easy handling and unlimited refastenability. Includes Odasorb Plus™ which are specially treated fibers that minimize the growth or odor causing bacteria. Curved Leg Elastics provide a better fit, enhanced leakage protection and more comfort. The wetness indicator alerts that the brief has been soiled and needs to be checked. Soft nonwoven backsheet is gentle against the skin and less noisy, providing improved comfort and dignity. Latex-free.

K2 Health Products

Supra Visco Back Cushion

General use back cushion. Helps improve the comfort of those confined to a wheelchair. At the core is high quality sculpted foam, contoured to conform to the user's spinal curvature. Embedded in the core is a premium memory foam insert in the lumbar region to aid in relief of lower back pain. Contains a rigid insert that reduces the "hammock effect" commonly associated with sling-back wheelchairs. Cover is fire retardant, removable for easy cleaning, specially treated to make it moisture proof, yet it remains vapor permeable to help reduce sweating and increase air flow. Non-slip back and straps allow the user to fasten securely to the seat back and helps insure proper cushion placement. 12 month limited warranty.

What Are the Signs and Symptoms of a Heart Attack?

The warning signs and symptoms of a heart attack can include:

- Chest discomfort. Most heart attacks involve discomfort in the center of the chest that lasts for more than a few minutes, or goes away and comes back. The discomfort can feel like uncomfortable pressure, squeezing, fullness, or pain. Heart attack pain can sometimes feel like indigestion or heartburn, especially in women.
- Discomfort in other areas of the upper body. Can include pain, discomfort, or numbness in one or both arms, the back, neck, jaw, or stomach.
- Shortness of breath. Often comes along with chest discomfort. But it also can occur before chest discomfort.
- Other symptoms. May include breaking out in a cold sweat, having nausea and vomiting, or feeling light-headed or dizzy.
